Summery

A curious self starter who loves to learn and share his insights with others. I am a friendly collaborator who deeply listens to their clients needs and exceeds expectations by providing digital solutions and documentation to help them achieve their professional goals.

Key Skills

- Skilled in HTML, CSS, JavaScript, PHP, Node.js, Python, SQL, Database Design, Git, LucidChart
- Fluent in English and conversational speaking abilities in Spanish.
- Use Notion to organize and efficiently document my learning
- Reliable team player that always maintains a positive attitude.
- Use my 10 years of hospitality experience to help develop human-centric solutions.

Projects

- Client Based Website: <http://www.project-isaac.com/it162/fp/index1.php>
 - [Analized client's industry](#) and [audience](#) to help drive [web design](#).
 - Integrated [e-commerce](#) allowing the ability for my client to [sell prints on demand](#) as Ecwid platform handles print and shipping logistics
 - Gallery and initial shop page uses CSS Grid
 - Incorporated google tags and google analytics giving client visitor data to help drive business decisions
- Concert Venue Tribute Site: <http://www.project-isaac.com/it261/final/login.php>
 - Responsive PHP website with account creation and login page
 - Programmed to deliver unique content for every day of the week
 - Sticky form generates email with all values and inputs from form
 - Powered by MySQL, concert venue table and concert detail page are generated by content fetched from a database
- Covid Date Calculator: <http://www.project-isaac.com/covidCalcSite/>
 - Built to reduce cognitive load when figuring out covid shot dates after WA state indoor mandate
 - Uses days.js to help in calculating the 14 day since covid shot and 72 hr test date based on current date
 - Added desktop view after google analytics indicated 49% of traffic came from desktops

Education

- Seattle Central College (AAS-T Web Development and Web Scripting) Graduating Fall 2022

Academic Accomplishments

- Dean's list: Winter '21, Summer '21, Fall '21
- Summer 2022 Internship at Cyborg Mobile in partnership with Microsoft

Experience

Urbane at Olive 8 Hyatt Hotel Downtown Seattle, WA

Bartender, July 2019- June 2020

- Use a variety of local spirits to create innovative cocktails for our seasonal lists.
- Encourage returning business by curating a personal dining experience including local recommendations
- Anticipate guest's needs and go beyond expectations in order to strive for a 5 star hotel experience
